Homework

A piece of maths/English homework will be sent out via dojo on Friday. We are really pleased with the children who are completing this on a weekly basis. Please encourage your child to do their homework in pencil – and work on their neat handwriting and presentation.

Children are expected to read daily and this needs recording in their reading record books at least 3 times per week. They have a phonics based 'Read, Write, Inc Book' from school each week - which are based on their ability level in phonics.

PLEASE send your child's book bag and reading books to school every Monday. Mrs Greehy has a designated slot to change books. We really appreciate your help with this.

All children are expected to complete their homework and either put the completed work on Dojo or send it back as a paper copy to school. Please encourage your child to have a go.

Please remember to have a go at the homework challenges that are ongoing throughout the half term.

PE

PE will now be on a Tuesday – please can the children come to school in their PE kits. Please cover or remove earrings. Long hair should be tied back.

We will be doing PE outside for as much of the time as possible so please wear dark coloured tracksuit bottom. If they have trainers, please can you teach your child how to tie their own laces.

Thank you, Miss Welch and Mrs Preston

Class Information
Year 1

Spring Term 2, 2022

We hope you find the following information helpful in supporting your child this term. You will find a brief overview of the curriculum content for some subject areas along with a more detailed 'knowledge organiser' for other subjects.

This information is designed to give you a flavour of what the children in year 1 will be learning this term as well as some more detailed information on the knowledge we expect children to know at the end of this term.

Many thanks for your continued support.

Miss Welch and Mrs Preston

Year 1: Spring term - 2

English

We will be looking at and writing an Information Text, based on the Seasons.

During this topic we will be focusing on the use of full stops and capital letters, question and exclamation marks.

We will also be exploring how to present Information Texts, including paragraphs, images and subheadings.

Maths

Number - Place Value (within 50 – multiples of 2, 5 and 10 included) –
We will be counting forwards and backwards up to 50 – including in 2s, 5s and 10s and looking at numbers up to 50. We will be gaining an understanding of the value of each digit in a number (tens and units/ones).

Lengths and Height -
We will use and understand the language of length such as long, longer, short, shorter, tall, taller. Your child will need to recognise that this language will change depending on what type of length they are describing and comparing. We will need to understand that height is a type of length. We will also be exposed to lengths that are equal to one another.

Weight and Mass –
The children will be introduced to weight and mass for the first time. They may already have some understanding of heavy and light from their own experience of carrying objects. We will begin by holding objects and describing them using vocabulary such as heavy, light, heavier than, lighter than before using the scales to check.
