The challenge work is due in the week commencing **16th OCTOBER 2023**. The above menu details a range of work for the subjects that your child will cover this term.

Depending on the option they choose, children may of course choose to record their homework in a different way that doesn't involve using pen and paper, eg powerpoint, model etc.

We simply ask that everyone has a go at this homework so they all have something to share at the end of the half term. We thank you for your continued support.
