Year 5

Homework Challenge - Summer Term 1 2021

We would like children to select at least one of the homework challenges below for this term, however children can do as many as they wish. This will continue to be run alongside the regular reading, spellings, maths and English homework that are set. **Please submit challenge homework on dojo in the corresponding portfolio/activity folder.**

<u>History - The Industrial Revolution</u> Draw a steam engine and annotate your drawing.	<u>Science - Lifecycles and Reproductions</u> Represent life cycles of animals in an interesting and fun way. For example, this could be a 3d model, a video, a power point.	<u>Geography - New Zealand</u> Research and make a fact file about New Zealand and the South Pacific
<u>ICT - Spreadsheets</u> Make your own spreadsheet on planning a party from how many people to invite to how much food will be needed.	<u>Art/DT - Moving toys</u> Design and/or make a moving toy. Think about your target audience - who is it for? Create an advertising poster to try and sell your toy.	<u>PSHE - Relationships</u> Make an information poster on what you believe equal rights to be.

The challenge work is due in on **Monday 24th May 2021** and during that week your child will get to present their work and for it to be celebrated on ClassDojo.

The children will have their 'Homework Challenge book' to record their homework in if they wish. However, depending on the option they choose, the children may choose to record their homework in a different way that doesn't involve using their homework book.

We do ask that everyone has a go at this homework, so they all have something to share at the end of each term. We thank you for your continued support.
