

LIVERPOOL

ROCK 'n' ROLL MARATHON

EACH is a non-profit
charity and rely on
donations

In March 2019 my niece Harper Louise Butler was born with Hypoplastic Left Heart Syndrome. Due to the severity of the condition Harper passed away in hospital after 5 days. Those 5 special days will be treasured forever.

I am running the Liverpool marathon on 24th October to raise money for EACH and to spread awareness of the great support they provide for children and their families.

Please visit my Just Giving page for more information where any donations will be really appreciated.
