Year 4

Homework Challenge – Spring Term 2 2025

We would like children to select **at least one** of the homework challenges below for this half term, however children can do as many as they wish. This will continue to be run alongside the regular reading, spellings, Maths and English homework.

History – Rome the rise and fall of the Empire. Research the key figures and events involved in the Roman Empire, eg Julius Caesar, Nero, Hadrian. Write a newspaper article about one of the events you have researched.	Science – Sound Find out about how sounds are heard by different mammals, reptiles and birds using sonar and echolocation. Draw a labelled diagram or create a model showing how they are able to hear sounds .	Geography –Northern Ireland Find out about the landscape, key places and events of Northern Ireland. Create an annotated 2d or 3d map of the area (this could be edible too – yum cake!!)
Maths- story writing Do you love maths? Do you love writing stories? Then why not combine the two ideas and write a story involving maths?!	DT – Scones- EAAA Find out about the different types of scones (or cakes) you could make! Use a recipe to make your scones (or cakes), create them, and bring them in so we can sell them to raise money for the EAAA on Mon 31 st March!	PSHE – Healthy me! Understand the different ways we can keep our minds and bodies healthy in a changing world. Produce a piece of inspirational work based on this theme. This could be a story, a poem or a piece of art work.

The challenge work is due in the w/b **Monday 31st March 2025 to show to the class.** The above menu details a range of work for the subjects that your child will cover this term.

Depending on the option they choose, the children may choose to record their homework in a different way that doesn't involve using pen and paper. Please upload photos and videos to the section on class Dojo. **If they are entering the competition, please go to the website for story ideas and full details** <https://www.mathsthroughstories.org/competitions.html>

For some inspiration look at the winning stories from previous years on this link:
<https://www.mathsthroughstories.org/ymsa2024.html>

We would love for everyone to have a go at one of these challenges so they all have something to share at the end of the term.

We thank you for your continued support.

Mrs Ryan and the Y4 team.
