Year 3 Homework Challenge –Autumn term 2 2025

We would like children to select at least one of the homework challenges below for this term, however children can do as many as they wish. This will continue to be run alongside the regular reading, maths and English homework that are set.

<u>History – Ancient Greece</u>  Design and make a Spartan shield. Find out some interesting facts to tell the class about the importance of Spartan shields and how they were used. https://www.historyforkids.net/sparta.html	<u>Science – The water cycle</u> Use the instructions to create a water cycle in a bag. Write a description of what happened during the experiment and why. 	<u>Geography – Western Europe</u>  Choose one of the locations in Western Europe that you would like to visit. Research interesting information about the place and discover what famous landmarks it has. Then create a postcard from your chosen location
<u>Latin- Roman Numerals</u> Can you solve the Roman Numeral puzzle and build the triangle with all the pieces in the correct place? Challenge- can you design a Latin puzzle of your own to test us? 	<u>RE – Christianity</u> Listen to some traditional Christmas carols. Which ones are about the birth of Jesus?  Which is your favourite Christmas carol? You can record yourself singing it and post it on Dojo. (I will only share with your permission.)	<u>PSHE – Celebrating Differences</u> Draw a self portrait and a portrait of a family member. Compare the two images and talk about what is the same and what is different about you and your family member. 

The challenge work is due w/b 15th December 2025 and we expect a photo uploaded onto Class Dojo with a little explanation about the homework.

We do ask that everyone has a go at this homework so they all have something to share at the end of each term. We thank you for your continued support.
