A message for our Governor

Starting a new academic year seems really strange when we have missed so much of the last one. I am on my own and of the age that I was considered vulnerable so was unable to visit schools last term to see how things were going for the children of front line workers. I think we are very lucky to have such hard working staff who, under the direction of the head and deputy head, have as well as ensuring the children have carried on with their learning, have also striven to keep them safe.

I attended a Zoom meeting for Chairs and Heads at the beginning of this week. The Trust has produced an overall Risk Assessment. In addition the schools are responsible for risk assessing each school and these Risk Assessments will change as guidelines change and as the need changes. Please rest assured your children's safety and learning are the priority.

The meeting was also informed that attendance this week has been very good which I think shows the confidence you have in the team and the importance of getting your children back into learning.

I'm sure we all hope that the Autumn and Winter will show we have learned a lot about the importance of working together to keep us all safe. I don't think any of us want to go into lockdown again.

Keep safe and well.

This is for your information:- Pupils to be shown how to dress appropriately for PE (appropriate clothing, long hair tied back away from the eyes, no hard head accessories)

Earrings. Ideally pupils will remove earrings however, pupils unable to remove earrings should make them safe by taping, front and back, which may offer a measure of protection. The taping should be sufficient to prevent the stud post penetrating the bone behind the ear should an unintentional blow be received from equipment such as a ball or a person. The taping may be done at home for younger children (as stated Safe Practice in PE and School Sport and Physical Activity 2016).
