We are so very proud of both Summer and Isabella for submitting their stunning pictures to the WNAT photography competition 2024. Congratulations to you both.

# How can I help improve my child's literacy?

---

1

## Turn On The Subtitles

Turn on  
the Subtitles

When children watch TV or a device with the subtitles switched on, they can double their chance of leaving school a great reader.

2

## Don't stop reading to your child.

Reading to your child til the age of 13/14 still has huge benefits as it allows them to focus on the complex vocabulary and ideas in the story.

3

## For the reluctant reader - read anything!

Any form of reading in a topic they are interested in and in any format counts!

Did you know you can download lots of old comics for free at [www.digitalcomicmuseum.com](http://www.digitalcomicmuseum.com)?

4

## Try free electronic books from your Library service

Reading online can also offer you options to increase font size, change background colours - all of which can impact readability.

[www.oxfordowl.co.uk](http://www.oxfordowl.co.uk) also has lots of free eBooks for children age 3 - 11.

5

## How about turning reading into a game?

NightZooKeeper.com keeps children interested using fun, engaging games and provides parents personalised reports on how it's going. Note; there's a monthly fee with this one though.

*This is for your information:- Pupils to be shown how to dress appropriately for PE/Swimming (appropriate clothing, long hair tied back away from the eyes, no hard head accessories)*

**Earrings.** Ideally pupils will remove earrings however, pupils unable to remove earrings should make them safe by taping, front and back, which may offer a measure of protection. The taping should be sufficient to prevent the stud post penetrating the bone behind the ear should an unintentional blow be received from equipment such as a ball or a person. The taping may be done at home for younger children (as stated Safe Practice in PE and School Sport and Physical Activity 2016).

## Let us take care of your childcare!

Evidence shows that a dose of physical activity before school hours start helps to engage children's minds and prepare them for the day ahead.

Our breakfast clubs offer mentally and physically stimulating activities which sharpen and focus the mind while waking up the body.

Parents can relax knowing their children are in safe hands as all staff have experience working with primary school children, have been DBS checked, and hold Emergency First Aid and Safeguarding certificates.
